SUMMER CEO

Start Your Summer Business!

Great job, entrepreneur—you did it!

**For more tips on being
money smart**

Visit us here:

You're the boss—and summer is your season!
Follow these fun and simple steps to launch your
very own money-making adventure.

STEP 1

Pick Your Business

Think about what you're good at or what your neighbors might need.

Circle your idea or write your own:

Car Wash

Dog Walking

Mother's Helper

Lemonade Stand

Yard Helper

Bracelet Maker

Extra Chores at Home

Other Ideas?

Did you get your parent or guardian's approval?
(Super important for safety!)

STEP 5

Reflect & Celebrate

What was your favorite part of being your own boss?

STEP 4

Keep Track of What You Earn

Use this fun ledger to write down your sales and how much you earn.

Date	What I Did	Amount Earned

Total
Revenue:

Total
Cost:

Total
Profit:

STEP 2

Make It Official

What's your business name?

Sketch your logo here:

(Draw something fun that represents your business!)

Use our templates to create:

A business card

A flyer

Scan QR codes to download templates!

Here's an article
on 100 Business
Ideas for Kids.

STEP 3

Profit Formula

To make money, you need to know how much things cost—and how much you'll charge.

Use this formula:

$$\text{Revenue} - \text{Cost} = \text{Profit}$$

Example:

You sell
lemonade for
\$1 a cup.

You spend
**\$5 on
supplies.**

You sell **10
cups = \$10
revenue.**

$$\text{\$10} - \text{\$5} = \text{\$5}$$

Revenue

Cost

Profit

Now try your own:

What are you selling?

How much will you charge?

What do you need to buy?

How much will that cost?

How much profit will you make?

Check out this
video on Revenue,
Cost and Profit.
