## Introducing Mobile Wallet: A Better Way to Pay

Available 8/3/20, Sentry Credit Union is offering a safer, faster way to shop with your SCU Visa® debit and Visa credit cards: **Pay with your phone using mobile wallet!**

Adding your SCU cards to your mobile wallet and paying digitally is more secure because the payment involves a single-use code – so your name, card number and security code stay protected. Use mobile wallet to pay merchants in stores, online and within apps.

### Mobile wallet is easy to set up and use:

- ➔ Open the mobile or digital wallet on your device (Apple®, Google™, Samsung®, Garmin® or Fitbit®).
- ➔ Follow the instructions to add your SCU card information.
- ➔ Once it's ready to go, simply swipe your phone over the point-of-sale terminal at any participating merchant.

**Add SCU cards to your mobile wallet today and leave your physical cards safe at home!**

For more information on using mobile wallet: Visit [sentrycu.org](http://sentrycu.org), or call 715-346-6534.
